Materials

BOOKS are now being published which represent the feeling at the close of the War.

I have just recently seen a book which contains all of the moral slump that came over the world after the War. It tries to give expression to the vein of post-war pessimism which is undoubtedly on the increase.

The hero, a ruthless materialist, finds everything turns to ashes in his

Neuritis
Neuralgia

Rheumatism is a disease of the
joints. It is caused by a
poisonous substance called
uric acid. This substance
is produced in the body
and is excreted in the
urine. If it is not
excreted, it builds up
in the body and
causes rheumatism.
Rheumatism is a
very painful disease
and it is very
difficult to cure.

Ambulance Team Turned Runaway

Wagon Headed Into Brick Wall Patient Escapes Unhurt.

Thursday, April 20.—A lively runaway occurred at 10 o'clock yesterday when a patient, Mrs. J. C. Thompson, was taken to the hospital in an ambulance team which broke into a wild gallop. The team, which was driven by William H. Brown, was en route to the hospital when it reached the intersection of the C. & N. tracks. The driver, who was attempting to stop the team, was unable to do so and the team continued on its way. The patient, who was seated in the back of the ambulance, was not injured. The team was eventually stopped by a police officer who was on duty at the time.

Why not use Toilet Soap for washing dishes?

For nearly an hour and a half each day your hands are exposed to the harshness of strong, common soap!

And afterwards you look at them sorrowfully. Whiteness gone—all red and dried out.

Don't use common soap any longer! A spoonful of Lux slipped into a foamy suds will enable you to wash dishes quickly and easily. Lux softens water. It is as easy on your hands as the finest toilet soap.

No rough, red hands when LUX is used

Spring Attire Printed Crepe Frocks

Easter week will be outstanding for its brilliant array of the newly featured elaborately printed dresses. These dresses are dependent on the shirtings of the edges and buttons for the trimmings.

Neckwear

In the colored crepe collar with Jabot ties attached, form of a steadily appearing appearance to the new frocks, there are white lace, hand drawn, and edging of hand-made lace.

Ladies' Headwear

Many hats have been worn up at the back in "butterfly" form particularly because the bowties have been of full lilies and small feathered areas substituted for only trimmings, while ten bunched at the back with flowers.

Never before has there been an organization capable of producing at any one time the low Maxwell price such speed and power, economy and absence of vibration in a 4-cylinder car.

Chrysler engineers have combined with unprecedented smoothness a speed of 58 miles per hour and a flashing acceleration of 5 to 25 miles in 8 seconds.

They have engineered into this motor a gasoline economy of 30 miles to the gallon, and an up-keep economy which brings replacement and repair costs close to the zero mark.

We are eager to prove these Maxwell facts in a demonstration drive.

It's easy to keep enamel glistening white this way

—says Mrs. Experience who has long ago made her choice in soap

"My Sunlight really is wonderful for cleaning these bathroom fixtures. It makes them spotless and shining in almost no time."

"The secret, of course, is the pure, cleaning ether of Sunlight. Sunlight simply dissolves dirt and grease so that they just wash away."

"I wash the bathroom and paint-work with Sunlight, too, because it's less work the Sunlight way."

"After all, you can't be a pure, honest soap for economical cleaning, so give me Sunlight. It's the best thing I've ever used. I always use it for the dishes because Sunlight is so easy on the hands. It is made by the largest soap-makers in the world, Lever Brothers Limited."

Dainty Desserts for the Kiddies

Simple, wholesome, nourishing, appetizing, these St. Charles recipes are but a few of the many you can easily prepare with this rich, pure country milk. It is economy as well as a convenience to "use it wherever the recipe calls for milk." Your grocer has it for you ready to use.

TELLS ABOUT HAWAIIAN LIFE AFTER RETURN

R. J. Graham Declares That
Islanders are Very
Prosperous

HONOLULU HAPPY

Military Co-ordination and
View Now

Mr. R. J. Graham and Mrs. Graham returned to Belleville and their home on Friday after a tour of the Hawaiian Islands for the past four months. They were accompanied by their two children, a son and a daughter, and a group of friends. The tour was a very successful one, and the family returned home with a wealth of new friends and a deep appreciation of the Hawaiian people and their way of life.

The family found the Hawaiian people to be very friendly and hospitable. They were impressed by the beauty of the islands and the warm climate. The family also enjoyed the many cultural activities and the beautiful scenery. The family is now settled in Belleville and is looking forward to a bright future.

Balloon Tires Are Given Rigid Test

Save Gasoline on Heavy Cars; Lower Repair Bills

Calcutta, April 14.—The balloon tires, which are the subject of the question, have been put to a rigid test of road tests made by the Ontario Highway Dept. Tests were made in 1923 and 1924 on a medium sized car, and on light cars in 1925. The 27,000 miles on high pressure Road Good tires in 1923, the medium wear on average 18,410 miles per gallon of gas in 1924, the same car performance over 21,000 miles on Road Good Balloon tires at 7.7, 60 mile per gallon, an increase of 1.5 mile mile gallon of gas. The increase while small in percentage, would be profitable in the gas consumption, a money thousand mile and in the tests, the gas traveled 19,000 miles on

How the Allcast Moisture System saves money

Tests have proved important savings in fuel where the Allcast Moisture System is properly installed—the saving has reached upwards of 20 per cent.

The Hygienic Vapor Fan in the Allcast is designed to supply the correct amount of natural heat, and is required for health and comfort—no atmosphere that protects the family from winter ill.

Other exclusive, fuel saving features of the Allcast are the fire-draught Shut-Back Grates which ensure perfect combustion, and the fuel-saving air-blend which burns the smoke and gas.

The Allcast is easily operated. It burns soft coal and other light coals and wood.

It is reasonably priced. Come in and let us show you how many important features or write for complete details.

To-day.

Metropolitan Church, Toronto, formerly of England, gave the Rotarians some interestingly intimate glimpses of the life of the late George. He was thought at Rotary today. Dr. Staddon is only loaned to Canada for a short term of years, after which he returns to his native land. Dr. Staddon is a Canadian, so as a guest he had only one thing to say about Canada and Canadians.

Lloyd George figured largely in the address. Dr. Staddon having many amusing stories to tell about the "Little Welshman," but he prophesied that Lloyd George would come back to Canada to be greatly admired. He has been greatly criticized for his policy in the Unemployment Dole. In Great Britain, but claims that at the time the "Dole" was given it was necessary to keep the United States and Canada as well as Japan as a war measure.

The speaker was introduced by Mr. W. B. Deacon, and Mr. C. M. Hiett.

Dr. Frank Crane's Daily Editorial

Women Who Want To Be Men

GRATITUDE ATTENTION asks the unenvied to be a man. Because, in the estimation of the majority, it is a man because men have the best of it in this world.

It depends on what you think is the best. Men have to stand out in front to do the fighting and women have to stand behind the scenes in the rear of the result. The woman is the conservator and keeper of the home while the man is the maker of it. A woman is naturally a peacemaker. She is the body of mercy and the body of the maker. There are some women, however, who do not belong to this type. They want to be like the men of themselves.

They cannot express themselves through a man, they like because of their nature or because of circumstance, they like to make their mark upon the world themselves. Men is naturally the creator and the adventurer. It is he that goes forward and takes risks and makes by the profit. The woman is the housekeeper and conserves the results which the man achieves.

Women have never been great in an original capacity. There have been few women poets, statesmen and prophets, although there are some exceptions to this rule.

There is no justice or common sense in denying to all women the same privileges which men enjoy.

Women have the power to vote now, and to hold office and to enter into business.

"Even those too high minded to give a thought to revenge," says Mr. Atkinson, "must experience a profound satisfaction in being no longer regarded as political inferiors."

There is a good deal of danger in removing the restraining barriers that have always been around women, but as Mr. Atkinson reminds us the first fruit of education is always poison.

Human nature will remain the same, and after first touch of liberty women will settle down to what is the normal condition. One trouble with women in business is that they are constantly confronted with the personal element. Men regard them as first women and then as business persons.

Most like men, women experience a profound satisfaction in being no longer regarded as political inferiors. They like to be depended upon. They like to be the protector of their people. Wherever the woman is superior to the man in ability or possessions, there is a complication added to their problem.

The simplest woman in business is the woman who is dependent upon a man and who has the kind of man she is proud to be dependent upon. If she can find the right kind of man she is glad to be his woman.

Wash Bowl Washing

Large Lots to Retail Customers

The type of washing commonly known as washbowl washing is becoming more popular every day.

Scientific face cleaners and similar articles have always been sold out to hand and money making men. But now the washbowl washing is included in the washbowl washing.

A smart man to make a quick sale out of soap dishes, and the garments are cleaned much more easily when they are washed once after washing. Moreover the length of the life of the garments is increased greatly by this method of caring for them. Since both detergent and penetration are damaging to fabric, particularly 19 cotton, the washbowl washing should make a quick rich sale, and for the type of washing which is usually done by hand, with waste and damage to the fabric, a small soap such as Ivory is desirable.

To make an instant sale, pour hot water over Ivory dishes, about two teaspoons to a bowl, and about 2 minutes, then add soap. It is not just hot water. Wash the soap and water the hands until it is light and frothy.

For more information of the washbowl washing, write to the Washbowl Washing Co., 107 Front St., Toronto, Ont.

"Friends of yours"

Perhaps you never think of it in this way—but there is a lot of new about friends of yours in this paper right now—Friends who serve you daily—who lighten your work—amuse your leisure—contribute to your welfare and to the pleasure of your life.

Advertised products—familiar ones that you find in your living-room, bedroom, bath, kitchen, garage and yard.—Long association with them has proved their "friendship" to be valuable.

The advertisements are little intricate word pictures of these "commercial friends." Advertisements tell you how they are made, what they are doing, and how and where to get them.

As a general rule, there is nothing "familiar" or "friendly" about the appearance of an unadvertised product. You seldom see it in the paper—the stores—or even in homes.

Largely because the great buying public has learned that the advertised product is the friend to tie to.

Read the advertisements regularly—they are messages from business friends

GALLSTONES

Prevention and Cure
 Gallstones are the most common of all diseases of the gall bladder. They are caused by the accumulation of stones in the gall bladder. They are often painless, but they may cause severe pain and discomfort. They may also lead to serious complications. Gallstones are often found in the gall bladder, but they may also be found in the bile ducts. They are often found in the gall bladder, but they may also be found in the bile ducts. What 'Orange Pekoe' Means

Many buyers of tea have come to ask for 'Orange Pekoe' better than the quality. This is not, however, necessarily the case. In the trade 'Orange Pekoe' is only a name given to the first leaf below the bud. It is not a quality of tea, but a name given to the first leaf below the bud.

BELLEVILLE OBTAINED FOURTH OF ALL STATES BRANCH FIRMS ENTERING CANADA DURING 1924

Canadian Trade Commissioner in New York Supplies Surprising and Satisfactory Information on Trade Fortunes of This Community

BEATEN OUT BY CITY OF TORONTO ONLY

In Other Words, Belleville Stepped Ahead of Sixty-Cities and Over 300 Towns in the Dominion

In the year 1924, out of a total of thirteen American branch industries of the first class to be established in Canada, the City of Belleville obtained three or nearly twenty-five per cent of all that came to Canada during the twelve months of last year.

This important and highly satisfactory information has been given to Belleville's commissioner of industries by Mr. Frederick Hudd, Canadian Trade Commissioner for New York, and was derived from the official records of the Department of Trade and Commerce.

Only one city in Canada to secure a larger number, last year, of the Canadian manufacturing branches of American corporations, was Toronto, where five were established in 1924. Belleville stood second on the list for the entire Dominion.

When it is recognized that in Canada there are more than 60 city municipalities, many of them with populations immensely greater than that of Belleville, besides over 300 towns, and all of them putting forward their utmost endeavours to secure American branches, the outstanding character of Belleville's achievement will be perceived.

The three American industries to establish here in 1924 were the Garbage Machine Company of Chicago, N. Y.; Messrs Johnson & Company of Evansville, Indiana; and Messrs. Concrete Products Company of Chicago, Ill.

Operating to Capacity
 The Garbage Machine Company took plant here in 1924, and is now operating the plant to capacity. Belleville has a large plant, a fine, modern factory building, the largest of the present month. The Messrs. Concrete Products Company has a force of men now preparing the foundations for its new factory and plant near the Canadian border.

Churchill's Announcement Sends Sterling Up to High of \$4.88

RESTORE PREFERENCE
 Dried Fruits, Sugar and Wines Placed on the List

(Canadian Press Dispatch)
 London, April 24.—Sterling advanced to a new high of \$4.88, the highest price in its history since the war.

The advance was due to the announcement by Mr. Churchill that Britain would place dried fruits, sugar and wines on the list of goods to which the preference would be restored.

The announcement was made in a speech to the House of Commons, and it was expected that it would lead to a further advance in the price of sterling.

The price of sterling had been falling since the announcement of the new gold standard, but it had now reached a new high.

The advance was welcomed by the British public, and it was expected that it would lead to a further advance in the price of sterling.

Pastor and Deacons Get Out and Dig

Spent Evening in Fixing up Lawn of Kingston Church

Winston, April 22.—Pastor and deacons of the Methodist church here, Monday night, spent an interesting evening in the lawn of the Kingston church. The lawn, which is the property of the church, had been neglected for some time, and the pastor and deacons, under the leadership of the pastor, spent the evening in fixing up the lawn. The lawn is a beautiful one, and the church is a fine one. The pastor and deacons, who are all very active in the church, are doing a great deal of good work for the church and the community.

HELD MATCH NEAR THE GASOLINE TANK

Winston, April 22.—A match was held near the gasoline tank at the home of Mr. J. D. McElroy, on Sunday night. The match was held between Mr. J. D. McElroy and Mr. J. D. McElroy. NEED NEW POLICY, Farmers and Industrial Men Must Avoid Hostile Camps

(Canadian Press Despatch)
 Toronto, April 30.—While there are strong indications that Canadian business life is being sacrificed on an altar of extreme foreignism, and while many professionals and manufacturers are consigned to Canada the country appears to be passing out of this situation and there is a feeling of confidence that Canada is entering a better time, said C. J. Bolger, Chairman of the Toronto Branch of the Canadian Manufacturers Association.

Mr. Bolger, who is also Chairman of the Ontario Branch of the Canadian Manufacturers Association, said that the country is entering a better time, and that the feeling of confidence that Canada is entering a better time is well founded.
